

BLUSHING BRIDE

HOW TO PLAY

Bottoms up! Fill your glasses with some liquid courage, as this scandalous game leaves nothing sacred on the bride's last night out!

Set up the board. Take out all the contents from the box. Remove the plastic seals from each card deck, shuffle, and reinsert into the pink card bags. Place them on their designated locations on the board.

Pick your teams. You need at least 2 teams. There is no size limit per team with up to 4 teams total. For example, if you have 12 players, you can create 2 teams of 6, 3 teams of 4, or 4 teams of 3.

Select a playing piece. Each team selects a playing piece and places it on the starting "benchmark," **First Date**.

Determine who goes first. Whatever team the bride is on goes first. Thereafter, continue to the right.

Roll the die. Move the number of spaces indicated and allow an *opposing* team member to select a card from the designated deck. Have her read the directions aloud and hand it to your team or team's chosen clue-giver. Take note: the answers to **Trashy Trivia** can be found upside-down on the front of the card, so make sure you cover the back of the card with one hand to conceal the answer from others. Do not put the card back in the bag to ensure no duplicates.

Ready, Set, Action! Flip the timer and have the clue-giver start revealing clues for her teammates to guess. If it is a collaborative effort, work together to solve the question. If your team guesses correctly within the given time, you may stay at the given space, and ALL other teams must drink, but if not, you must go back the number of spaces you rolled and your entire team must drink.

Pass the turn to your right.

BENCHMARKS

If you land on a Benchmark (**Fall in Love, Proposal, Bachelorette Party, and Wedding Day!**), rather than having to draw from a designated deck, you get the freedom to choose which deck your team would like to draw from (**Porn Star, Bachelorette, Trashy Trivia, or Risky Routes**).

CARD CATEGORIES

PORN STAR – Includes the categories: **Pole Dancer** – one member acts out the given term or phrase for her teammates to guess. **Stripper** – one member *silently* acts out the given term or phrase for her teammates to guess.

Pornographic Puppet – one member uses another teammate as a puppet to act out the given term or phrase for the rest of the team to guess. **Dirty Doodles** – one member draws, with or without a blindfold, the given term or phrase for the team to guess.

BACHELORETTE – Includes the categories: **BFF** – your team answers intimate questions about the bride; and **Fiancé Facts** – your team answers trivia about the groom. For these, the bride will write down the answer to the question on a separate sheet of paper as the answer key. (If the bride is on the team that drew the card, she obviously cannot participate in guessing the answer).

TRASHY TRIVIA – Includes the categories: **Naughty Knowledge** – scandalous trivia (multiple-choice questions, single-answer trivia, true-false questions, word scrambles, association lists, and fill in the blanks) that your team attempts to answer collaboratively. **Macho Mentality** – male trivia. **Wifely Wisdom** – female trivia. **Position Pro** – teams compete for the best fabricated description of the real-life sex position.

RISKY ROUTES – Includes cards with pleasant or unpleasant fortunes. If you land on Risky Routes, you must obey the fate on the card. Do not roll again or draw a new card.

HOW TO WIN

Be the first team to make it to the final benchmark, **Wedding Day!** and correctly answer 3 final questions from **Bachelorette** to prove your worthiness to the bride. Choose one card per turn, even if the question is answered correctly.

GET CREATIVE!

Feel free to make up some of your own rules. For example: If you get 3 cards wrong in a row, your team has to take a shot. If you roll a 6, the bride has to take a shot. If you roll a 4, the roller has to confess something. The opportunities are endless!

WARNING: Cards contain strong adult content. Censor as needed or learn from your neighbor. 😊

Cards that require the consumption of alcohol pertain to players 21 years or older ONLY. Please drink responsibly.
